

## Seeding Round Procedure

1. Ask team their name. Put on Tally Sheet.
2. Instruct team members they must “buzz in” in order to answer question. (Even if the question is directed to them.)
3. Instruct team members that a correct answer is worth 10 points and an incorrect answer is a loss of 5 points.
4. The Quiz-tron operator needs to give each question 5 seconds from the end of the question. After the member’s buzz in they have 5 seconds to answer. Instruct the team members of this. (This time is a different amount of time than in the actual competition.)
5. Ask Questions to Number One, Number Two and Number Three. If there is a Number Four, ask that person the 4<sup>th</sup> Question. If a 3 person team....ask the captain to designate a member to answer the 4<sup>th</sup> question prior to asking the question.
6. Questions 5-8 are toss-up questions which may be answered by anyone.
7. Question 9 is a Bonus Question which the team may discuss. They will be given 10 seconds after the question is read to discuss the question. At the end of that time, the captain will be given 10 seconds to complete the answer.
8. Do not give the members the correct answer. Judges will place a check in the appropriate box for correct answers, incorrect answers, and “No” answers. Points will be awarded as follows:  
  
Correct response: + 10 points  
Incorrect response: - 5 points  
No response: no change in score  
  
A correct Bonus answer will award +15 points with an incorrect Bonus response not changing the score. See Back of this page further information on scoring.
9. After Question 9, thank the teams
